March 4, 2012

Dear Friends throughout Indiana Yearly Meeting,

Jericho Monthly Meeting along with Ministry and Oversight reaffirm our minute dated October 30, 2011 (see attached). Considering Model A and Model B we have some concerns. Although we prefer Model B, we greatly fear the action of disbanding IYM to form two groups will greatly weaken our religious organization. We stand firm in the belief of a strong central leadership which continues to use the guidelines of Faith and Practice. We are hesitant to make a decision before understanding details concerning the financial implications as well as the organizational structure of any model.
