Re: Reconfiguration
Date: August 9, 2012

This is to confirm the decision made, and email sent, on February 27, 2012.

The result of discussion at Kennard resulted in Yearly Meeting B as the agreed future direction. The consensus of the meeting was also to say we prefer those opposing the current IYM configuration actually break away and create a completely different yearly meeting. The meeting wanted to voice their opinion that the proposed Yearly Meeting B remain named as it is, and has been for years.

Respectfully,
