Re: Response to Committee Charge regarding Reconfiguration of IYM

In a special called meeting of the Walnut Ridge Friends, the information provided by the Reconfiguration Committee was thoughtfully and prayerfully discussed. The resulting position of the Walnut Ridge Friends is as follows and constitutes our response to the Committee:

**While we do not believe “reconfiguration” is necessary or even beneficial, we cannot accept plan A because of the potential for interpreting God’s Word according to worldly norms. Therefore, if reconfiguration goes forward, we would be accepting of Plan B by default as long as Plan B continues to follow the current IYM Faith and Practice and it is applied equally to all levels of the Plan B structure.**

Kathy Gibson, Clerk
